Commissioner of Indian Affairs.

Washington, D. C.

Honorable Sir:

Under separate cover I, to-day, forward to you the census of the Sac and Fox Indians at this Agency. The Indians seemed very much pleased with the way I dispatched the business of taking the census--not that I hurried it through to the detriment of correctness, but I kept at it. Commenced writing at 9:30 a. m., and never left my seat until 4:45 p. m.--did not stop for dinner or anything else. Of course I was almost exhausted when I got done, but ^{as} this census taking had always been a source of so much trouble and worry to them, that I made up my mind to stay as long as necessary to complete it, as long as they were willing and in good humor.

In order to understandingly take this census I had to employ an Interpreter. I explained to Showan that I had no money for that purpose--that Gheen had turned all the money back into the treasury, but as it was positively necessary that I should be assisted by him, or someone else, that I was sure that I would be authorized to pay him for his day's work--that if I was not, I would pay by him myself. It may be that I am assuming too much authority by

20351 Commissioner-- 2

but I could see no other way to successfully meet the case.

I know that the instructions say that an Agent is not authorized to expend money without authority but it seems to me that this case is a little out of the regular order; the conditions of my recent appointment being taken into consideration and the fact that I had not had time to get instructions on this point. Joseph Tesson, who interpreted for Gheen, is away and was not here so could not help even had I had instructions to employ him.

There is quite a rivalry on the Interpreter question--there are ~~there~~ persons who desire the position and all have their friends, viz.,

Joseph Tesson--a good interpreter, but very unpopular with tribes.

John Mac-In-Tosh, a Pottawatimie, but who has lived and married into this tribe years ago. He is well liked by some of the ~~✓~~ the older heads, though I do not think he is as correct as ~~Tesson~~ Tesson--but he is just as progressive.

Showan--who is well liked by the young men. It is said that he is not reliable, that he gets drunk, etc. The first I know not about, the latter is correct--at times. Of course I have

20351

made no pledges or promises, not knowing the desires or wishes of the department in this matter. ~~this morning~~ I presume I will be notified as regards interpreter in due time. Please advise if I done right in procuring the services of an Interpreter to help with the census and, if so, how shall I proceed so as to get his pay for him.

In making out pay rolls as I understand ~~it~~ they are to be exactly like census. That all births between June 30th, 1890, and time of making payment do not share in the annuity this year. It seems, so the Indians say, that this has been done heretofore. Is it correct or not? When do I make up pay roll? Now or will I be notified when tis time? Please instruct.

The Indians claim that there are 40 Indians in the census who ~~was~~ reside here, are permanent residents here, who have no place on the pay roll, and that the other Indians have to share their money with them--or in other words if these Indians were counted, properly, that ~~was~~ more money would be due this part of the tribe. They claim that they were cheated in this matter by the

Commissioner--4

20351

other part of the tribe and that it would be justice to them to have

have this matter honestly adjusted. I believe they are right &

in ~~their~~ this matter--if so--certainly they should have a hearing.

I find an old letter, bearing date of April 9th, 1885,--or rather

a report--from Jno. D. O. Atkins to the Secretary of the Interior

regarding this matter, which will explain it more fully, than I

can. I know positively, personally, that some of these In-

dians have always lived here. I am satisfied that, if this

matter was settled positively, one way or the other, that it

would promote a much better feeling among these people, who feel

that they have been imposed upon by someone, but they don't know

just how it was done--they claim by lying and deception on the

part of the Indian Territory people.

I hope I do not get tiresome as regards length in these matters.

I forgot to say above that the report mentioned is marked as

follows

14549, 22390

Commissioner--5

am aware that this matter has been often agitated and it is/
probably tiresome but they requested me to bring it before this/
administration in hopes that they might again "get into court."

I can think of nothing else of importance to say to-day.

Yours Very Respectfully,

U. S. Indian Agent.

C E N S U S R E P O R T,
Saw and Fox Indians, at Saw and Fox Agency, Tama, Iowa,
For Year June 30th, 1889 to June 30th, 1890.

Commissioner of Indian Affairs, Washington D. C.

Honorable Sir: In accord with your instructions and
the communication to Mr. Gheen, I herewith present a com-
plete list of the Indians at this Agency, as given in to
me on the 30th. day of June, 1890. Totals are as fol-
lows:

Whole Number, ----- 399.

Males above 18 years of Age----- 96.

Females above 14 years of Age---- 128

Number of school age, between 6 and 16 years, ---- 105.

Number of deaths during year (as near as can be ascertain-
ed) 18.

Number of births during year (as near as can be ascertain-
ed) 14.

I have been very careful in taking this census, warned the
Indians, repeatedly, that it was to their interest to have
it correct, and I believe it to be correct as near as it is
possible to obtain it. I have also corrected the spell-
ing of some of the names and now believe the list is prac-
tically correct. Respectfully Submitted,

W. P. Benson

U. S. Indian Agent.

United States Indian Service,

Sao and Fox, Iowa, Agency *Agency,*

Tama, Iowa, July 6th, 1891, 189 .

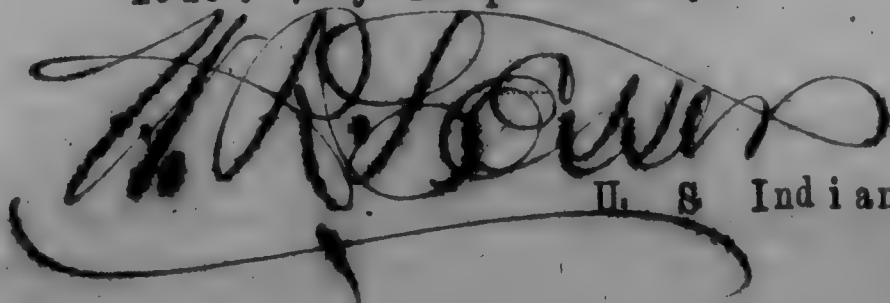

Commissioner of Indian Affairs,

Washington, D. C.

Honorable Sir:-- Under separate cover I forward, to-day, census of the Sao and Fox, Iowa, Indians.

I have corrected some names, this year, and I think they are nearly correct--with one or two exceptions-- as given on this census. I find that some of the ages are yet incorrect, also sex in one or two cases, although I corrected several this year. It looks to me as if matters at this agency had been very loosely handled in the past. I can make an absolutely correct pay roll, this year, as to names, ages and sex if the Department so desires. Please give me the necessary instructions and authority for so doing, in due time, if it is your wish that I should.

Yours Very Respectfully,

U. S. Indian Agent.

Commissioner Indian Affairs,

Washington, D. C.

Sir:

I herewith transmit my report of the census of the Sac and Fox Indians of Iowa as taken June 30th, 1895. The report has been somewhat delayed by the absence of the secretary of the tribe, through whom I had to learn the names of a number of the children.

I herewith inclose a requisition for census blanks needed at this office for the re-copying of the census.

Yours respectfully,

Horace Peterson.
U. S. Indian Agent

DEPARTMENT OF THE INTERIOR,

UNITED STATES INDIAN SERVICE,

SAC AND FOX AGENCY, IOWA.

Toledo, August, 1st. 1902

The Honorable

The Commissioner of Indian Affairs,

Washington, D. C.

Sir:

I have the honor to transmit under separate cover, a Census of the Indians enrolled at this Agency, taken on the 30th. day of June 1901.

This Census is believed to be correct, as to number, name, sex, relationship and age; the data from which this compilation was made, being collected from the records of this office, and from the Indian Secretaries. This Census shows a decrease in numbers of 7, from last year, and indicates the steady decline in numbers of these Indians.

Very respectfully,

Wm. L. Malin

U. S. Indian Agent.

DEPARTMENT OF THE INTERIOR.

UNITED STATES INDIAN SERVICE.

SAC AND FOX AGENCY, IOWA.

Toledo, Aug. 8, 1902.

The Honorable,

The Commissioner of Indian Affairs,

Washington, D. C.

Sir:

I have the honor, to herewith transmit, Census of the Sac and Fox Agency, Iowa, showing the number of Indians enrolled, on the 30th. day of June, 1902. This Census shows, that the tribe has decreased in numbers since the last census was taken, in a loss of 40 names, 36 of whom died last winter of small pox.

I could find no Census Blanks in the office, and therefore, was compelled to use such material as would best meet the requirements of the occasion.

Very respectfully,

Wm. L. Malin

U.S. Indian Agent.

I also enclose copy of Contract with Dr Samuel Thompson for medical attendance at the school.
